### Intranet/Internet Becomes a Reality

Mike Kirby, Mammoth's new Supervisory Computer Specialist, "booted up" a brainstorm to have the Computer Support Services (CSS), staff assist Telecommunications staff with wiring projects around the park. When the dust began to settle from the summer season, the two teams got together. This past week Sonya Anderson, Telecommunications Tech., began the wire project in the Superintendent's office with the assistance of Lori Wilkinson and Ron Buss, from CSS. The project was a huge success. The Superintendent's office is now ready to connect to the DOI network. A big pat on the back to all these folks for the willingness to "pull wire" together.

Never one to sit back, Sonya then got help from Nancy Tyson and Roger Whiteside to string cable at the Fire Cache to connect the conference room to the network. The conference room is now set up with digital phones and linked to the network. These projects were completed in record time with the added manpower. Rumor has it, they all had a good time "pulling together." Nancy says she would be practicing her "throwing cable" skills for future joint ventures.

Casey Jones, Telecommunications Tech., is leading the way to connect the maintenance garage to the network. He has engineered a plan to use high speed modems with the Vanguard phone system to enable the garage to network. Computer Support Services will be teaming with Casey to pull wire, install jacks, and "punch down" this project.

The Telecommunications staff would like to thank CSS for helping with these projects. The wiring plan is moving faster than anyone thought possible with their help and they look forward to working with CSS on many more projects.

# **THE YELLOWSTONE / YOSEMITE CONNECTION**

**By Grant District Ranger-Naturalist Mary Wilson**

In the midst of a crazy summer season, it's very easy to develop tunnel vision and forget that we are all working towards a common National Park Service mission, and are all part of the larger NPS family. But, for a month this summer, the ranger-naturalist staff at Grant/West Thumb had the opportunity to gain a bit more balanced view of their work and their place in the NPS through the "Yellowstone / Yosemite Connection!"

From mid-August through mid-September, the Grant/West Thumb interpretive staff had the unique opportunity to work with an employee from Yosemite National Park's Environmental Education Department. Through the cooperative efforts of the Yellowstone and Yosemite Personnel Offices and supervisory interpretive staffs from the two parks, Noreen McClintock, a highly respected (and coveted, I discovered!) environmental education ranger from Yosemite relocated to Yellowstone for a month-long special assignment to "pick the brains" of this park's Environmental Education staff, and to assist in the day-to-day interpretive operations at Grant/West Thumb. Given this period is the "slow season" for school groups, Noreen was able to take a sabbatical from Yosemite to join us here in Yellowstone - at the expense of her home park (a great deal given the ever-present budget concerns!).

During her stay here in Yellowstone, Noreen worked at the Grant Visitor Center, prepared and presented interpretive talks and walks, roved the West Thumb Geyser Basin, and assisted with the hoards of children stopping in at the Visitor Center to have their Junior Ranger papers reviewed and badges awarded prior to their departure for Grand Teton National Park. Noreen proved to be a valuable asset to the operation, and a lot of fun to get to know and work with - and, I think she truly enjoyed the opportunity to escape the notorious mayhem of Yosemite Valley for a while and enjoy the relative calm and special magic of a Yellowstone summer.

Given the success of Noreen's special assignment, I hope this type of inter-park cooperation will continue to be possible in the future. If nothing else, we all had the opportunity to "mingle" with one of our own, share stories and anecdotes of our unique jobs, better serve park visitors and protect its resources, and make a new friend as a result of the "Yellowstone / Yosemite Connection!"

## **Yellowstone Federal Employees Association Seeks Event Coordinators**

Enthusiastic, fun-loving, dedicated, creative persons wanted to participate in a non-profit organization to benefit employees of Yellowstone National Park. Plans and organizes entertainment, chairs entertainment committees, plans menus, buys edibles, supervises event volunteers, plans decorations, presents new ideas for social events. Must love to have fun. Must be willing to be paid absolutely nothing. Benefits too numerous to count...supporting your community, contributing to the welfare of fellow employees, and being recognized as the person who plans events, food, and fun for the YFEA. YFEA is looking for two individuals to be Co-Event Coordinators. For more information, please contact Judy Jensen at 344-2031 or Doug Lentz at 344-2277. No resume necessary.

## **Medical Classes Offered + + +**

The Gardiner Ambulance Service is looking for persons interested in the following pre-hospital medical classes: 1st Responder, 1st Responder Ambulance, or EMT. (Taking these classes will not obligate you to work on our ambulance.) We have instructors that are willing to hold classes, now we just need the students. If you are interested in taking any of these classes or would like more information about content, price, or dates, please call Diane Kline at 848-7054 eves. and weekends. Please leave a message if she's not there and she will return your calls.

# **COMMUNITY EVENTS continued...**

\* **Vet Visit** – Veterinarian, Dr. Jim Murray, will be at the Gardiner Exxon on Friday, October 17, from 2:00 to 5:00 p.m. No appointment necessary. Housecalls available upon request. Next visit, October 31.

## ♥ ♥ Heartfelt Thanks ♥ ♥

*I can't even begin to express my feelings on paper for the way everyone has responded to Rory's death in support and love. In one way I was so shocked and the other way not at all. I was asked what my plans would hold in store for me...all I can say is there is no way I could leave all of these wonderful people. As you all know, Rory will never be replaced. I think of him every second of every day and always will; I have a void that will never be filled, but all of the wonderful, considerate, caring people around me will keep me going.*

*I cannot think of any way to individually thank everyone...the numbers are too staggering. The memorial service was by far the best one I have ever been a part of—I'm sure all Rory kept thinking was "they did all of this for me, I can't believe it." Rory was always there for anyone and never expected anything in return. I won't be able to come close to holding a candle to Rory; but I will do my best to live and believe as he did. Again, I can't put into words how I feel about all of your overwhelming support and love. It is clear, however, that my extended family is bigger than I had imagined, and I thank you all for being there when I needed you most. Susie Perkins*

*George Athas passed away on August 26, 1997. No services were held and his ashes were scattered over Sunlight Basin, Wyoming, per his wishes. We'd like to thank everyone for their thoughts, prayers, cards, visits, food, and flowers. If desired, donations can be made in George's name to the Gardiner Ambulance Service. Viola Athas, Colleen and Tim Whitish, Montana Lindstrom, Brett, Colleen, and Monte Athas*

*Thank you for all your kind thoughts, prayers, and understanding during this time. We certainly could not have made it this far without all the support we've received. A special thanks to all of you who have donated leave, watched Katie during our many trips back and forth to Bozeman, walked Lily, and fed Ruger and fish. Another thanks to the Personnel Office for shuffling through all the leave paperwork (Patty O.) and the Mammoth Clinic staff in their support and time.*

*Dan is halfway through his chemotherapy treatments. We are still waiting to hear from Stanford U. on their experimental vaccine. In the meantime, our spirits and hopes are good. We are thankful for each day and for such a wonderful support group here in Yellowstone. Perhaps, one of the hardest things in all this was the locating and wading through all the information out there. If someone you know would like some information on non-Hodgkins Lymphoma, maybe we can save them some of the legwork, or at least direct them on where to get started. Again, thanks for all your support. Janet, Dan, Katie, Lily, Ruger, and fish (of course) Mahony*

## **Yellowstone Association Offers Wilderness First Responder Course In January**

The Yellowstone Association will team up with the nationally recognized Wilderness Medicine Institute to offer an 80 hour Wilderness First Responder course at the Buffalo Ranch this winter. The course will run from January 13 to January 23 and is open to all.

The Wilderness First Responder course provides participants with the knowledge needed to deal with medical crises in remote situations. The curriculum includes standards for extended care situations and emphasizes decision making and prevention. Students spend half of the course engaged in hands-on scenarios, case studies, and mock rescues as a means to reinforce the classroom sessions.

The Wilderness Medicine Institute and their sister school, SOLO, have been leaders in the field of wilderness medicine education for more than 20 years. The organization is based in Pitkin, Colorado and employs highly qualified instructors to teach courses throughout the country.

Tuition of \$575 includes all instruction plus lodging at the Buffalo Ranch for ten days. Students bring their own food and prepare their own meals. For more information, please contact Diane at 344-2294.

## **BIG SKY SEASON PASSES**

BIG SKY RESORT is once again offering Yellowstone employees and their families, and permanent residents of Gardiner, Montana, the opportunity to purchase an annual ski pass at a very good rate. With the new tram to the top of Lone Mountain, BIG SKY will offer the most vertical gain of any ski area in the U.S.

Last year we had a great time skiing at BIG SKY!! This year the adult daily lift tickets will be \$47.00.

The SEASON SKI PASS rates for the 1997/98 ski season are as follows:

<u>Adult</u>	<u>*Juniors</u>	<u>**Child</u>	<u>***Senior</u>

## **BEGINNING BATIK:**

Whether you are a beginner, experienced in art, or in it just for fun, this class is sure to be enjoyable. This ancient and intriguing process involves immersing fabric in successively deeper colored dye baths after designs have been painted on with wax. The waxed areas "resist" the dye, allowing the designs to take on several colors. Crumpling the waxed fabric before dying results in the characteristic crackled effect of batik. Students will finish two pieces in class, and will mat and shrink wrap one of them so it's ready to frame or give as a gift.

**Instructor:** Jo Suderman

**Maximum Number:** 10

**Meeting Place:** Mammoth school multi-purpose room

**Cost:** \$20 plus materials fee of \$7

**Meeting dates:** Starts Wednesday October 15 and meets every Wednesday until November 12

**Time:** 7 - 9 p.m.

I am aware that during the courses or activities that I am participating in under the arrangements of the Yellowstone Adult Education program and its sponsors, that certain risks and dangers may occur. I hereby assume the risks and all legal responsibility for injury to myself and loss of my property resulting from participation in these courses or other activities, and do hereby hold the Yellowstone Adult Education program harmless from any and all liability, actions, causes of action, debts, claims and demands which I now have or which may arise in connection with my participation in these courses or other activities. The terms hereof shall serve as release and assumption of risk for my heirs, personal representatives, executors, administrators, and for all members of my family. I affirm that my general health is good and that I am not under a doctor's care for any condition which will endanger my health or the health of other participants. In case of injury and or illness, I will bear the cost of any evacuation procedures such as ambulance, helicopter, rescue team and professional medical care. I understand that I must provide my own health and accident insurance. My participation in the Yellowstone Adult Education program courses(s) is entirely voluntary.
