MESSAGE FROM THE ACTING SUPERINTENDENT:

Last week's terrorist activities targeting the World Trade Center and the Pentagon have shaken us all to our very souls. We understand that many of you in Yellowstone and in our neighboring communities have been personally affected by this tragedy - and we have all been left with a legacy of fear and uncertainty. I've seen a great deal of support and caring that shows our incredible sense of community and family that warms my heart and gives hope for the future. My thoughts and prayers are with you all during this trying time.

--Frank Walker

HOW CAN YOU HELP?

As Americans begin the long process of recovering from this tragic terrorist attack, our nation unites. Many of you are asking, "How can we help?" There are several opportunities for us to help. The most efficient and effective are to support relief efforts through monetary donations. This resource can be used to supply victims with specific items needed to begin their recovery. In addition, donating blood will help victims as there is a great need for this resource. Contact your local Red Cross Chapter or call 1-800-GIVE LIFE.

OBITUARY

Warren F. Hamilton, former Superintendent of Zion National Park, died in St. George, Utah, Friday, August 24, 2001. Warren was born in Kansas City, Missouri, in November 1904. His career with the National Park Service began as a seasonal ranger in Sequoia and during his career was Assistant Superintendent of Yellowstone from 1952-1958. He retired from the Park Service in 1968. Warren is survived by his son Wayne and wife Margot; grandson Scott, wife Lori, and three great-grandchildren in Gardiner, Montana; grandson John and wife Elizabeth in New Mexico; and Warren's new wife Margie Lewis at their home in Meadows retirement community. Graveside services were at 10:00 a.m., Tuesday, August 28, at the Hurricane Cemetery followed by a lunch for family and close friends at the Meadows. Donations in lieu of flowers should be identified for Warren Hamilton Memorial, made out to NPCA, and sent to: National Parks Conservation Association, 1300 19th Street NW, Suite 300, Washington, DC 20036.

THANKS . . .

ROSS FAMILY THANKS YOU

On behalf of the entire Ross family, we would like to extend our appreciation for all the support shown to us after the loss of our sister/sister-in-law Shannon. All of the well-wishers made our grieving a little easier knowing we have so much extended family here. Thank you from the bottom of our hearts for all the love and support.

The Ross Family

HEMMINGWAY FAMILY UPDATE

We cannot fully express our thankfulness since Mark was diagnosed with diffused large B cell lymphoma on July 10, 2001. We have been humbled by the financial generosity of our Yellowstone family. The prayers said on our behalf have been powerful. How can we thank you enough--we cannot. We have been overwhelmed with love and support - far beyond what we could have ever expected. We may not be able to personally thank you, but know that we appreciate you all very much. Mark continues to respond to treatment in Salt Lake and we are hopeful that his cancer will be cured. We do not know the future, but thankfully we do know the One who does. If you have email and want to receive periodic updates, email us at hemingwam@yahoo.com or call at (307) 242-2630.

Sincerely thankful,

Mark, Monica, Loretta, Philip, Nathaniel, Andrea, and Elizabeth Hemingway

FROM JACK NECKELS

RETIRED GRAND TETON NATIONAL PARK SUPERINTENDENT

All Yellowstone Employees-

Thanks to each and all of you for remembering us at our party. The neat print is already hung in our Buena Vista home. Frank, thanks for your kind words-it was a pleasure and honor-both personal and professional, to have had the opportunity to work and play with the folks at Yellowstone. Thanks each of you for taking care of that great place.

My best to all! The coffee pot is on in Buena Vista; stop and see us.

Jack & Jolene Neckels

SUSAN KRAFT UPDATE

As many of you know, park museum curator Susan Kraft was diagnosed with uterine and ovarian cancer following minor surgery in August. She and husband Lindsay Robb are now in Philadelphia, near her family, where Susan successfully underwent surgery on Monday, September 17. Although they await further test results, Lindsay reports that she came out of the surgery feeling much better. Follow-up treatment is likely to begin after she recovers from this surgery. Best wishes may be sent to Susan care of Jean Kraft, 508 Weir Road, Aston PA 19014.

CORRECTION

CoolWorks.com bicyclists Tammy Wert, Steve Sarles, Colette Daigle-Berg, Bill Berg, and Dave Tyroler raised \$34,000.00 to help AIDS Research not \$3,400.00 as previously reported.

ROAD CLOSURE REMINDERS

Madison Junction to Norris Junction

August 27 - November 5 - closed 24 hours/day.

Winter Closures

The only park road that remains open to wheeled vehicles through the winter is the road from Gardiner, Montana, at the North Entrance to Silver Gate & Cooke City, Montana, near the Northeast Entrance.

Other roads close at 8:00 a.m. on the following schedule:

October 9, 2001

Tower to Canyon via Dunraven Pass and Beartooth Pass (Highway 212 - outside the Northeast Entrance to the park)

November 5, 2001

All park roads close except the North Entrance road to Silver Gate & Cooke City, Montana. Snow tires and/or chains may be required. **Please note that in winter US Highway 212 is CLOSED just east of Cooke City, Montana. It is open to east and west travel in spring, summer and fall.**

HEALTH NEWS

Facts About Ovarian Cancer

September is Ovarian Cancer Awareness Month. Here is what every woman needs to know:

- A woman's lifetime risk of developing ovarian cancer is 1 in 55.
- Most cases occur in women over 50, but it can occur in younger women with a family history of the disease.
- When cancer is diagnosed in Stage I (the cancer is confined to one or both ovaries), a woman has a 95 percent chance of being cured.
- Only 25 percent of cases of ovarian cancer are found at Stage I.

Symptoms

- Persistent gas, nausea or indigestion.
- Increased frequency in urination.
- Unexplained change in bowel movements.
- Abdominal swelling accompanied by pain, bloating and a feeling of fullness.
- Unexplained weight gain or loss.
- Ongoing fatigue.
- Pain during intercourse.

Risk Factors

- Family or personal history of ovarian, breast or colon cancer.
- Being of Ashkenazi Jewish descent
- Increased age.
- No pregnancies or infertility coupled with increased age.
- Exposure to talc or asbestos from frequent use of douches or powder.

Prevention

Have your doctor perform a rectal and pelvic exam every year. Know your history and risk factors, and notice any changes in bowel habits, weight or vague pelvic symptoms.

There is no single conclusive test for ovarian cancer (Pap smears detect cervical cancer). Doctors often rely on a blood test called CA-125, combined with a transvaginal sonogram. The only way to diagnose ovarian cancer is with surgery. For more information call the Ovarian Cancer Research Fund at (800) 873-9569 or go on line at www.ocrf.org. - *Jennifer Rainey*.

HOST FAMILY NEEDED

The Mammoth Community has the chance to host a student teacher from Australia. This college female needs room and board in Mammoth for six weeks during late October through early December. She will be able to pay a nominal amount to help with board. If you have a spare bedroom and would like to be considered as a host family please contact John Whitman at the Mammoth School, 344-7464.

TRAVEL INFORMATION REQUESTED

Are you a world traveler? Do you have slides, photos and experiences from an International trip you would like to share with our elementary students? We would like to have you as a guest speaker. If you think this might interest you please call the Mammoth School, 344-7464.

A REQUEST FROM THE EDITORIAL STAFF

Dear Readers:

For some time, the Public Affairs Office has wanted to change the format of *The Yellowstone News* to better reflect our audience. It is our feeling that this newsletter should be a more community-oriented publication that celebrates the similarities as well as the diversities of our readership.

First, we will expand our regular features (personnel news, ads, births/deaths, for sale items, etc.), to include ALL employees working in the park. Next, we hope to include feature articles submitted by our readership. Feature stories could include helpful tidbits and/or interesting stories about the challenges of living in the park interior; something similar to earlier, popular "Nature Notes;" historical stories—e.g., how Christmas was celebrated in days gone by; safety ideas and concerns; and anything else that might be of interest to those living and working in Yellowstone National Park.

Now, this is where we need your help. We welcome all suggestions and ideas on what you would like to see in the newsletter, and guest writers are encouraged to submit their stories for publication. (The Editorial Staff reserves the right to edit articles and screen topics that may not be acceptable to others.)

We thank you for your assistance and suggestions, and we look forward to hearing from you in time for our next issue. The deadline for next month's issue is October 9. Please send all suggestions to Diane_Kline@nps.gov or call Diane at (307) 344-2013.

GSA SALE POSTPONED IN YELLOWSTONE NATIONAL PARK

Yellowstone National Park officials announce that the GSA sale scheduled for Thursday, September 13, 2001, scheduled to begin at 9 a.m., has been postponed until further notice. Inspections that were scheduled for the day before the sale (Wednesday, September 12) have also been postponed.

The terrorist attacks in New York and Washington, D.C. have required the park to heighten its level of security throughout the park. Additional law enforcement personnel are being posted at all five entrance stations to the park, and park employees have been alerted to be cognizant of and report any unusual activities, unaccounted for boxes or parcels, or suspicious persons. Law enforcement activities will also be stepped up in other areas of the park, as well.

Because of the additional manpower requirements needed to staff the GSA sale, it has been determined that it would be inappropriate to hold the GSA sale at this time. The sale will be rescheduled at some future date.
